"Perkins and Zayed Estate Planning Seminar far exceeded our expectations. The ease and convenience of having Mark come to our joint facilities made rolling out the seminar a breeze. The employees were put at ease by Mark's open style of communication which enabled them to ask questions freely and take away valuable information. The visual aids and examples used during the session really made absorbing the information interesting and practical. The feedback I've received from our employees has been quite positive. The employees left the seminar feeling a semblance of peace knowing that estate planning doesn't have to be as intimidating and mind boggling as perceived. It was a pleasure working with Perkins and Zayed in planning the seminar."
